This Virtual 2021 Training Programme (1st Edition) covers virtual training sessions via Microsoft Teams from January 2021 to May 2021.

Darlington Safeguarding Partnership (DSP) has moved many safeguarding training sessions to an online or virtual basis as a result of the pandemic, and this will be monitored throughout 2021 in accordance with government guidelines.

The Partnership is committed to a culture of learning and although it is too early to say how COVID-19 will ultimately affect the way in which we deliver training, what it has taught us is the need to be flexible and ever-changing to help keep delegates and employees safe. We continue to develop the training offer to ensure those working with children, young people or adults with needs for care and support have the necessary skills to recognise abuse and neglect and be confident in knowing how to report concerns.

We continue to be grateful for your patience, understanding and support, and welcome any comments and/or feedback as we move into another phase of these unprecedented times.

We will keep you up to date with any changes going forward and the Darlington Safeguarding Partnership's website will be updated with new information;

Multi-agency Training Charging Policy

Introduction

The Safeguarding Partnerships¹ in Darlington aspire to have excellent safeguarding practice across all professionals (employed or voluntary) who work with children, young people, adults at risk and their families.

To provide the breadth of safeguarding training that is necessary which is informed through the annual training needs analysis, delegate feedback and through the findings of the training annual report, we do have to apply some charges.

Please ensure that you are aware of our attendance and cancellation charges below prior to booking on our courses.

Booking on a course and allocation of places

Prior to booking on a Darlington Safeguarding Partnership's course, all employees and volunteers must ensure they have sought approval from their Line Manager.

Places are allocated on first come, first serve basis. However, there may be occasions when we have to limited agency attendance to ensure full multi-agency engagement. This is to ensure a diverse group of individuals/professionals attend and participate in each course.

Formal confirmation is sent (via email) within 3 working days and joining instructions/course overviews are sent 7-14 days prior to the course date. If you book this course for a colleague/team member, please ensure you pass on the dates and joining instructions/course overviews to the named delegate ahead of the training date.

(Delegates are advised to make a note of the date of the course they have applied for in their calendar/diaries as soon as they receive confirmation, to ensure they are available to attend the course).

To book a place please contact DSP.Training@darlington.gov.uk
