Carers Week 2024
10 to 16 June

Welcome to Carers Week with Community Care Inform!

Carers Week is a special time to celebrate and recognise the incredible work that carers do every day. It is a great opportunity to highlight the vital role that carers play in supporting their loved ones and the importance of recognising and celebrating their efforts.

This year, Carers Week takes place from **10 to 16 June**. Why not use some of that time to learn about supporting carers through the resources offered on Community Care Inform?

We have a range of resources available to help you support carers in their important role, providing guidance and support for young carers and financial information. As well as legal advice

By recognising and celebrating carers, we can help raise awareness of the vital role they play in our communities and ensure they receive the support they need.
